

Hi to all residents

The goal of the committee last year was to get the gala back up and running after a nine-year break following the earthquakes. The idea was also to incorporate show casing our new hall with the redesigned oval and red zone land for car parking. The first date in November was cancelled due to bad weather and we then moved the date to February which proved a success. Most of the stall holders have also indicated that they would return next year. The gala has had very long history going back to the 1930's and it is great that we have got the gala back going again. I personally had very good feed back on the day on how it was such good fun for all the family. Many thanks to the sub committee who worked very hard to make this day such a success

The AGM is an important night for the Pines Kairaki Beaches Association and this year we have invited long-time resident Mr Robert Cook as guest speaker. Robert will speak about the early days of living at the beach and being involved with the Association for over 50 years. I am positive we are going to have an entertaining evening listening to Robert.

We are looking for some more residents to join the Association Committee.

Also, if you do not want to be on the committee but are willing to assist them at times throughout the year when more hands are required then we'd love to hear from you also.

We look forward to seeing you all at the AGM, this coming Monday 25th March, 7.30pm at the Community Hall.
